By law, we are not allowed to sell EU SIM cards for delivery to a UK address. But with over 30 years of experience in the telecoms business, we are happy to provide guidance for free!

**For France.** [www.angloFrenchTelecoms.com](http://www.angloFrenchTelecoms.com) is our French Telecoms comparison site through which you can choose and buy a SIM card (without contract) for direct delivery to your French vacation address. You can also go to any French phone shop or larger supermarche.

**For Spain.** Websites, such as Tiekom.com and Lobster.es, sell Data SIMS. Prices vary, yet as at 1 Sep'21: 12€ could buy you 12GB. For 40€ expect to get 100GB and for boxed set addicts a massive 400GB can cost from under 60€.

**Other countries** – just ask!

**Outside the UK and wish you could view all the UK internet?**
